Municipal Aid	NJ DOT	The Municipal Aid program is a competitive program intended to provide municipalities with transportation based grants to supplement their transportation programs in one of seven categories: Bikeway, Bridge Preservation, Mobility (reduce congestion), Pedestrian Safety, Quality of Life (Beautification, environmental mitigation, economic development, historic preservation), Roadway Preservation and Roadway Safety.	Municipalities	May submit up to two (2) applications.	Construction	Applications receive points based on various criteria including existing conditions, Average Daily Traffic (ADT), safety improvements, and public access to services. Other important criteria include the municipality's special designation, whether the municipality has received an allotment within the last three years, and the municipality's award and close-out performance on previously awarded grants.	Closed	7/1/2020	Most grants range between \$100,000 - \$500,000; largest grant \$2 million.	https://www.state.nj.us/transportation/business/localaid/stateaid.shtm
Transportation Alternatives Set-Aside Program	NJ DOT	This program provides federal funds for community based "non-traditional" projects designed to strengthen the cultural, aesthetic and environmental aspects of the nation's intermodal system. NJDOT partners with the regional transportation planning organizations to administer the program (NJTPA, DVRPC and SJTPO).	Municipalities Transit Agencies... Nonprofit organi...	Natural resource or public land agencies or any other governmental entity responsible for transportation/recreational trails. Nonprofit entity must be responsible for the administration of local transportation program.	Design/engineering Construction Restoration/Rehabilit...	Projects must fall into one of 7 categories: On-road and off-road trail facilities, conversion of abandoned railroad corridors, construction of scenic turnout; preservation of historic transportation buildings, streetscaping/corridor landscaping, environmental mitigation to address road-related stormwater, vegetation management, reduction of wildlife mortality or restoration of connectivity and habitat. Bikeway Grant Program	NJ DOT	The Bikeway Grant Program provides funds to promote bicycling as an alternate mode of transportation in New Jersey. A primary objective is to support the State's goal of constructing 1,000 new miles of dedicated bike paths.	Counties Municipalities	For municipalities eligible for Urban Aid or designated as Depressed Rural Centers, allowable project costs may include preliminary and final design.	Construction	Although priority will be given to construction of new bike paths, the proposed construction or delineation of any new bicycle facility will be considered. Eligible costs include construction for: New mileage, Separation from motor vehicle traffic through a barrier or an open space, Connections to an existing local or regional bicycle system and/or improving access to public facilities. Projects will be evaluated on the basis of safety, new miles, connectivity, service to public, evidence of an implementation plan, inclusion in current municipal master plan and performance on past State grants.	Closed	7/1/2020	\$100,000 - \$500,000	http://www.state.nj.us/transportation/business/localaid/bikewaysf.shtm
Safe Streets to Transit	NJ DOT	This program provides funds to counties and municipalities to improve the overall safety and accessibility for mass transit riders walking to transit facilities, encourage mass transit users to walk to transit station and facilitate the implementation of projects and activities that will improve safety in the vicinity of transit facilities (approximately one-half mile for pedestrian improvements).	Counties Municipalities	For municipalities eligible for Urban Aid or designated as Depressed Rural Centers, allowable project costs may include preliminary and final design.	Construction	Eligible projects that will be considered should emphasize pedestrian safety and accessibility to transit including: intersection improvements/signals, eliminating barriers, new/reconstructed sidewalks, traffic control devices, traffic calming and lighting,	Closed	7/1/2020	\$50,000 - \$400,000	https://www.state.nj.us/transportation/business/localaid/safe.shtm
